## Executive Summary

The Security Centre and Solace Global advises against all travel to China at this time due to the ongoing travel restrictions, cancelled flights, confirmed cases of the virus and government warnings. Be aware that business operations in China continue to face significant disruption, despite the reported return to work.

## Latest Updates

On 11 February, authorities in Hong Kong evacuated around 100 residents from the Cheung Hong housing complex in Tsing Yi. Officials are investigating the building's drainage pipes amid worries the virus may have been spread through the system. Carrie Lam, Hong Kong's Chief Executive, has appealed for people in Hong Kong to stay indoors as much as possible to limit the further spread of the disease.

In Thailand, authorities have prevented the *MS Westerdam*, a cruise ship operated by Holland America, from docking in Bangkok after it had already been prevented from docking in Japan and the Philippines. Elsewhere, in the UK, officials in Brighton are working to trace roughly a dozen patients of two healthcare workers following the closure of a doctor's practice. Reports in Saudi Arabia indicated that since January 2020 there have been 15 cases of Middle East respiratory syndrome (MERS) in the country.

The LPGA Thailand and Golf's Women's World Championship in Singapore, due to take place 20-23 February and 27 February-1 March respectively, have been cancelled. Mercedes F1 team principal, Toto Wolff, has stated that it looks as if the Chinese Grand Prix, scheduled to take place 19 April, will go ahead. No official statement has been made by the Formula 1 governing body or the FIA at this time.

The government of St Lucia has imposed new restrictions on travellers from China. Non-nationals are now barred from entering the country if they have been to China within the last 14 days whilst Saint Lucian nationals who have visited China in the last 14 days will be placed in quarantine. In addition, South Korea has "strongly advised" its citizens not to travel to Japan, Taiwan, Malaysia, Vietnam, Thailand and Singapore. The director of the London School of Hygiene & Tropical Medicine, said the outbreak is likely to become a pandemic, adding he was becoming "increasingly alarmed" about the rate of infection.

## Solace Global Advice

- TSCCL and Solace Global advises against all travel to China due to travel restrictions currently in place and the current outbreak. There is limited flight availability and further travel restrictions, both within China and to and from home countries, may be implemented with little or no notice.
- TSCCL and Solace Global advises against non-essential travel to Hong Kong and Macau.
- Continue to monitor the situation closely, the situation remains fluid and new travel restrictions and further outbreaks may occur with no warning.
- Do not travel if ill, as you may be subject to additional screening, delays and even quarantine, regardless of destination or country of origin.

## If currently in or travelling to China:

- Strictly monitor all updates via both local and international media, Chinese and other government authorities and Solace Secure. Additionally, make use of Solace Traveller Tracking on the Solace Secure App; check-in when you land, daily and following any location changes.
- Always maintain a good hygiene level and wear a surgical mask whilst in public places, wash hands regularly, and avoid those who are obviously sick.
- Travellers and residents should be prepared for travel restrictions to be put into effect with little or no advance notice.
- Ensure all food and eggs are thoroughly cooked.
